## QUALITY STATEMENT

'Nantwich Cheese Company Ltd' believe that our competitive strategy should emphasise quality, safety, legal conformance, service and flexibility which we achieve by a process of teamwork and continuous improvement which is reflected in the commitment to quality of performance by each and every employee towards our customers.

The quality system and supporting procedures have been prepared to satisfy national and international Quality System requirements as required by the current BRC Global Standard for Food Safety. Conformance to these systems is mandatory for all personnel within the organisation.

The company is totally committed to these objectives and to a policy of review and continuous improvement.
